Chairman’s Report

A routine year for the Branch. We have held branch meetings, committee meetings and presentations, run coach trips, published our newsletter, submitted GBG nominations and been represented at Region and PTAG meetings. A concern has been the lack of engagement with the wider membership which can be attributed to our being unable to find a suitable venue for a Beer Festival - work continues on this.

My thanks to all the committee members for their continued efforts.

Branch Chairman

Branch Secretary’s Report

The past year kicked off with a number of challenges. Some of them, particularly the reboot of the POTY campaign, were still after-effects from the Covid-19 response, whereas others – such as the search for a suitable festival venue, for instance – have historically been tricky.

Festivals are the primary opportunities for branches to generate money and recruit new members for the Campaign, but they require careful organisation across multiple stakeholders. The continued lack of a Leicester festival is acutely felt by members (within and outside our branch), although every lever is being pulled to make one happen. I’d like to thank the festival committee team, and especially Roy Denney, for their tireless efforts to attain this goal.

We successfully launched our new website in December 2022 and have started using the COMMS2 email campaigning tool on a regular basis to keep members updated and to provide hopefully useful and entertaining content. Thank you to everybody who provided feedback, and in particular to Mick Buglass who kept the bits and bytes flowing in all the right directions (or rather, directories 😊).

There appear to be ongoing uncertainty and consternation (occasionally bordering on vexation) as to how our branch arrives at competition winners or Good Beer Guide entrants; or why previous GBG pubs no longer feature in 'the book' despite continuing to serve excellent ales. The simple (and often overlooked) reason is that 'our branch' means 'our branch members' – and in this respect, our members are not actively scoring nearly enough beers at these places: In the previous quarter a mere 22 members (out of a membership of around 1,200!) had entered beer scores (out of a total 562 entries); the remainder of scores had come from members outside our branch.

It is worth restating: When a pub is no longer included in the GBG, this does not necessarily mean that its score (of beer quality) is any worse than last year's, but simply that other pubs had their beers scored more often and had consequently received a higher confidence ranking by the scoring system. Thus, non-inclusion in the GBG does not indicate a perceived decline of a pub, neither in terms of its beer quality nor in its offering. (In fact, the number of ales offered by a place is immaterial.) The best chance to ensure a continued presence of a pub in the guide is for pubgoers to start (or keep) scoring as many beers per visit as possible; and for pubs to encourage them to do so.

This has been my second year as branch secretary, and due to an increasing workload I have decided to step back from committee duties and take some time off. I would like to thank the other committee members as well as the wider membership for their guidance, helpful input and general 'beery wisdom'. Our branch is so much more than the sum of its parts; and together we will ensure a continued presence of traditional pubs and cask beer, within our diverse city and beyond, as well as attract new generations of ale drinkers – by talking about real ale, by promoting it and not least, by drinking it. Cheers!

Manhattan 34 has also closed but is in the process of being re-opened as another outlet for the Real Ale Classroom.

Social Secretary's Report

This year we've had a great programme of coach outings, vintage bus trips and local days out using public transport. We've also to make our quarterly Branch Meetings much more sociable occasions. It's been good to get out and about and a relief that things have now got back to normal, with all the restrictions we had to abide by now being a distant memory.

We've had the following trips out:

12/11/22 Coach trip to Cambridge

05/01/23 Pub crawl around Leicester City Centre

28/01/23 Coach trip to Liverpool

23/02/23 Branch pub quiz night

18/03/22 Coach trip to Doncaster & Retford

20/05/22 Vintage bus outing around the Bosworth area

10/06/22 "Hoppy Afternoon" pub crawl around the city centre using the new Hop bus

01/07/22 Coach trip to Bromsgrove, Stourport and Droitwich Spa

22/07/22 Trip to Market Bosworth Rail Ale Festival by service bus

12/08/22 "Soar Feat" to Loughborough, Quorn, Mountsorrel & Rothley by service bus.

18/02/22 Coach trip to Cleethorpes & Louth

It's been a pleasure organising these trips and thanks go out to Roy Denney and Gary Sanders for their assistance. Also, many thanks to all those who have come along, contributing thousands of £'s to the coffers of pubs near and far.

The year ahead looks just as exciting. We've already had a vintage bus trip on 7th October to Bedford Beer Festival and have plans for a Christmas Leicester pub crawl using the "Hop" bus again and also a coach trip on 16th December to Chester Christmas Market, with more trips in the pipeline for 2024. So, if you've never been on an outing with us before, why not think about joining in the fun!

Magazine Editor's Report

As your Editor I assured branches that I would only print what was covered by advertising – this does mean the numbers printed fluctuate. It does however mean that I have made a small profit every edition and as at the CAMRA year end, we had grown a float of £2,008. This is still not enough to pay for 5000 copies so we are beholding to the Leicester branch who host our finances.

Having a float does mean if we are a little short of adverts to cover a minimal print run, we can top up from there. The float will also protect us from any bad debts and as at the year-end £720 was overdue so in reality we only have £1288. Of the £720 I think £80 is probably lost and £165 doubtful from one pub and possibly the same from another. £410 potential bad debts.

I do have to chase a number of pubs who are very slow paying and there are a small number I do not seek adverts from and if they approach me, I will want payment upfront. For the larger sums, I can involve the CAMRA professional at HQ and they will chase them for us and it may come to that but that will kill any relationship we have as drinkers with those pubs.

I did not envisage all this debt chasing when I volunteered to set up a new Drinker. I write most of the material and it is largely me who gets us adverts. I have to proofread everything, keep track of our finances, issue invoices and then chase slow payers. I am in my 80th year with health issues so you must be aware that before long if we are to continue with it, the jobs will have to be shared around. I have proved it can be done but cannot go on doing it indefinitely.

I also arranged with Everards that they would deliver to all their pubs for us. Looking to the future and having approached Everards and over 20 pubs myself and having had others enquire elsewhere it is app[aren't that most pubs don't need 20 copies. When delivering new ones, the old ones are often still there. It seems that many pubs have them tucked away and even when displayed many people just browse throw it and put it back. Freehouses and micros specialising in real ale are different and they can shift a lot.

I am therefore going to reduce our order from the printers and in future Everards will deliver 10 to each pub and by and large I am advocating the same elsewhere. I arrange distribution for Leicester Branch and they will get an allocation of 10 per pub but also a good number of spares they can use to provide more where needed or to top up.

A print run of £5000 will cost about £2300 and with advertising getting more difficult to find I will be putting up the cost next year. It is a balancing act though, as we don't want to chase customers away. For reasons you will be well aware of paper cost has gone up over 50% this year and print costs about 20%.

2023 Advertising Rates	£	2024
Quarter page	90	100
Half page	165	180
Full inside page	310	340
Full page inside covers	375	395
Back page	425	455
2 Centre pages spread	650	695

Normally we have one back page 2 inside pages 4 half pages and 2 quarter pages bringing in £1885 and a number of one-off adverts so you will see we need another £400 each time. December will see the reduced print run and March the costs increase.

Branch Positions & Roles

CAMRA offers a number of vital and exciting roles for members to get involved in the running of the branch. We are, in common with most other CAMRA branches, an 'ageing branch' and particularly looking for a Young Members Contact and Social/New Media Co-ordinator (see bold entries below). Help with collating beer scores, which are crucial for POTY competitions and the Good Beer Guide, is also very welcome.) The more roles that can be filled, the more our branch will flourish.
